

Capabilities Statement

Company Background: Video Security Systems is an Ohio based, Vietnam Era Veteran owned business established in January 2000. V.S.S. a video security and surveillance company specializes in the design and installation of all makers of cameras, recorders, and related equipment for business, industry, and government agencies.

Key Personnel: C.M. Muller retired from the Newark, Ohio police department, after a 30 year law enforcement career. Many of these years he was assigned to the Major Investigations Unit, where he became familiar with video, and surveillance video equipment and techniques. Over the years he gained much experience in the overt commercial video security field and began operating V.S.S.

Key Products & Services: Design, sales, and installation of all major brands of video security and surveillance products. An example of such products are listed below

- Pelco
- Bosch
- G.E. / Kalatar
- Toshiba
- Panasonic
